CAREER OBJECTIVE

A visionary Pharmacy student at SPCP, uniquely blending Pharmaceutical Sciences with Advanced AI Implementation. Proficient in leveraging AI tools to create functional Healthcare applications and workflows. Aiming to revolutionize the pharma sector by utilizing AI to deploy modern tech solutions into patient care and community services without manual coding. Aspire to work in Pharmacovigilance.

SOFTWARE DEVELOPMENT PORTFOLIO (APPS CREATED)

1. **OptiTool AI v3.0 (Intelligent Recommendation Engine)**

- Technology: Created using AI Tools (Generated React 19 & Tailwind CSS code via advanced Prompt Engineering).

- Function: An agentic tool that accepts natural language prompts to suggest the best AI software. Uses Google Search Grounding for real-time response.

2. **Prompt Enhancer (AI Professional Translator)**

- Technology: Built via AI-Assisted Development (Powered by Gemini 3).
- Function: Transforms raw ideas into expert-level prompts using professional frameworks like CO-STAR (Context, Objective, Style, Tone, Audience, Response).
- Features: Offers model-specific optimization (Midjourney, GitHub Copilot) and role-based context (Engineering vs. Marketing outputs).

STARTUP VENTURES & INNOVATIONS

1. **RxPulse Pharma App (Confidential Project)**

- A digital healthcare bridge connecting Pharmacists and Patients to improve medication adherence and communication.

2. **RxPulse Eco-Wash (Sustainable Startup)**

- An eco-friendly startup initiative focused on sustainable hygiene products.

3. **AI-Powered Quick Attendance System**

- Developed an automated attendance solution to streamline college administrative processes, utilizing AI to reduce manual errors and save lecture time.

KEY ACHIEVEMENTS & INSTITUTIONAL CONTRIBUTION

1st Position – National Level Competition

- Secured 1st rank in Poster/Video Making & Infographics competition during National Pharmacovigilance Week 2025 at SPCP.

Certificate of Appreciation

- Recognized by SPCP administration for meticulous laboratory management (Chemical and Crude Drug Racks organization), demonstrating leadership beyond academics.

Creative Contribution

- Active participant in “Aikyam 2.0” (National Pharma fest), showcasing creativity in the E-Pharma Film event.

SPORTS & EXTRACURRICULAR ACTIVITIES

Sea Scouts & Guides Camp (Indian Navy):

- Worked with the Indian Navy for 5 days at Brahmpuri, Okha, gaining valuable insights into naval discipline and teamwork.

Scouts & Guides Camp (Boriyavi):

- Completed a 1-week service camp at Boriyavi Scouts Campsite, engaging in camp management and community activities.

Chess (Strategic Sports)

- Active participant in the College Chess Tournament at SPCP.
- Specializes in the ‘London System’ opening, demonstrating strategic thinking and patience under pressure.

Athletics (Physical Fitness)

- Participated in School Athletics Competitions, displaying discipline, physical endurance, and a competitive spirit from an early age.

EDUCATION

Bachelor of Pharmacy (B.Pharm) | Pursuing (Semester 4)

Sardar Patel College of Pharmacy, Bakrol

- Performance: Strong foundation with 7.97 SPI in Semester 1.

H.S.C (Science Stream) | March 2024

- H. & D. Parekh Higher Secondary School | Percentile Rank: 69.16

S.S.C (10th Board) | March 2022

- Percentile Rank: 83.92 (Distinction in Computer Education)

TECHNICAL SKILLS

- **Development Approach:** AI-Assisted Creation (Building complex Apps & Web solutions exclusively using AI Tools & Prompt Engineering).
- **AI Proficiency:** Advanced Prompt Engineering (CO-STAR), Integrating Gemini 2.0/3.0 models into workflows.
- **Domain Knowledge:** Pharmaceutical Sciences and Computer science.

CERTIFICATIONS & SOCIAL RESPONSIBILITY

- Viksit Bharat Young Leader (Ministry of Youth Affairs & Sports).
- Integrity Pledge (Central Vigilance Commission).
- Drug-Free India Campaign Supporter (NCB).
- AI Tools & ChatGPT Workshop (be10x).
- Ethical Hacking & Cybersecurity Workshop (VaultofCodes).
